THE MOKADOR CAPSULES SYSTEM

INNOVATIVE TECHNOLOGY, COFFEE QUALITY AND TRADITION FOR THE PERFECT ESPRESSO EVERY TIME.

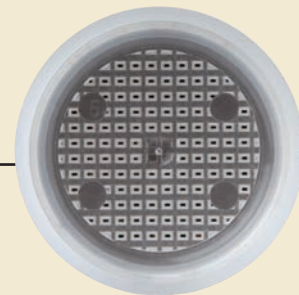

- No contact with air and light. The Mokador capsules, due to the lack of oxidation, preserve all the aromatic richness of the freshly roasted coffee.
- The correct grind, pressure and dosage. The secret to obtain a dense, smooth froth.
- Covered by patent.
- The company has obtained the Kosher Certification for the coffee produced in its factories.

The personalized and exclusive Mokador capsule system was designed to enable a high quality Italian espresso to be enjoyed with the convenience of the many advantages offered by technology:

- A simple, easy to use system.
- Every cup is always perfect: enjoy café-quality espresso at home or in the office.
- No waste.
- Minimal maintenance.

The Mokador capsule system machines ensure:

- The correct water temperature adjustment.
- The correct dispensing pressure to enable perfect dispensing.

Mokador operates on the basis of a Quality Management System certified by the ISO 9001 standard and an Environmental System certified by the ISO 14001 standard.
